The recently completed ampitheatre at Eremia Camel Treks in Ravensthorpe was host to Australia's finest jazz musicians on Sunday 17th January with the performance of James Morrison and his band.

The official opening concert of the venue showcased the arrival of a major new performance venue in the region and has been driven by the vision of Eremia Camel Treks owner, Julia Bell.

Concertgoers enjoyed a picnic concert with world class entertainment and a perfect summers evening

The design of the new structure lived up to all expectations - with consultation support for the design and audio and lighting production for the event being provided by All Events.

The newly named Eremia Ampitheatre received a champagne toast from James himself and is certain to become a regular venue for quality entertainment.

The James Morrison Quintet was in fine form.
